Highlight Of Skills

Reliable and dedicated metal fabricator with more than 5 years of experience in design , Fabrication, installation of mechanical and electrical systems in mining,food and agricultural sectors.Demonstrated expertise and attention to detail, ensuring precision in high quality workmanship while adhering to safety standards. •construction safety, occupational healthy,hazard recognition,technical drawings,power tools, drilling press,hand tools,blue print reading>manual handling,problem solving,steel fabrication,written communication,work instructions,Shielded Metal Arc Welding (SMAW),Metal Inert Gas (MIG)

Experience

- **Techold Engineering under B & W Instrumentation and Electrical Selous Zimbabwe** 06/09/2024 -
Boilermaker
 - Collaborate with team of fabricators and assistants to prepare Daily Safe Task Instruction(DSTI) and hazard identification and risk Assessment (HIRA)
 - Planned and laid down work to meet production and scheduled requirements
 - Demonstrate a commitment to continuous improvement in every activity and project
 - Proficiency with metal fabrication tools and equipment
 - Ability to perform a task from blueprints drawings ,layout,or other specifications
 - Ability to measure,fabricate electrical cable racks,brackets and installation of isolator box
- **Grindale Engineering Harare Zimbabwe** 25/04/2023 - 31/07/ 2023
Boilermaker / Welder
 - Ability to lift and manipulate large metal components
 - Conforming with state and company safety regulations
 - Fabrication of columns,beams,tie beams and other stuctural work components
 - Set up and operate equipment in accordance with current good manufacturing practices and standing operating procedures
 - Ability to perform scheduled maintenance for launder box,dead box,chutes and conveyor belt check up
- **Boltrec Engineering Zvishavane Zimbabwe** 12/09/2022 - 11/03/2023
Boilermaker
 - Adhered to applicable regulations,policies and procedures for health safety and environmental compliance, knowledge of ISO 9001,ISO 45001 and ISO 14001
 - Demonstrate expertise in Fabrication of stainless steel,mild steel and carbon steel
 - Assembly steel works and verify specifications
 - Fabrication of steel pipes,pipe racks and bends using stick welding and mig machines
 - Fabrication of structural components including tie beams,rafters,column adapters, stanchions.
 - Ability to perform preventative maintenance on equipment meetings scheduled time
- **Driptech Irrigation Harare Zimbabwe** 25/11/2021 - 5/09/2022
Welder
 - Perform breakdown,planned plant maintenance on equipment
 - Fabrication and welding of steel structures and general modifications in plant
 - Fabrication,welding and assembly of trailers
 - Fabrication of steel pipes and pontoons
- **EARTHMARK Engineering Bindura Zimbabwe** 10/01/2019 - 12/12/2020
Boilermaker/ Welder
 - Proficiency of workshop equipment such as power saws, guillotine,punch press,press brakes, rolling machines
 - Structural Fabrication of gussets,gantries,lattices and trusses
 - Trouble shooting and maintenance of industrial processing equipment
 - Knowledge of oxy- acetylene cutting,welding and gas safety
 - Fabricate sheet components according to required drawings and specification

Education

- **Kwekwe Polytechnic kwekwe Zimbabwe** 2018
National Certificate in Fabrication Engineering
- **Batanai (ZISCO) High School kwekwe Zimbabwe** 2010
General Certificate of Education at Ordinary Level
- **Registrar of Apprenticeship and Manpower Development** 2021
Certificate of Skilled Worker

Personal Details

- Profession : Metal Fabricator / Welder
